MISSION STATEMENT

Pathways Academy provides a safe and comfortable learning environment for students with autism spectrum and related disorders. Pathways Academy focuses on the social pragmatic and academic advancement of each student so that they may successfully face challenges in all aspects of their life.

Pathways Academy was developed to meet the physical, social, and academic needs of children and adolescents who are out of or struggling in school. These students have difficulty understanding social cues and tend to misunderstand and misinterpret social situations. They have difficulty integrating their experiences and interactions and drawing expected inferences. Their reduced ability in these areas often leads to feelings of frustration, limited success, and low self-esteem. They also may have coexisting psychiatric diagnoses, including depression, social and academic anxiety and other behavioral difficulties. Each student's program is customized based on his/her individual academic, social, and cognitive profile.
ABSENCES
To report a student absent or tardy call the main school number (617-855-2847) before 7:30 am.

ACADEMIC CREDIT
Progress reports are sent home quarterly and address each objective on the students’ most recently signed IEP.

Transcripts reflect student grades as follows:
- P = Passing
- I = Incomplete
- F = Failing

BEHAVIOR MANAGEMENT
Pathways Academy utilizes consistent positive behavioral supports and natural consequences to manage student behavior. Every effort is made to encourage positive behavior by acknowledging and reinforcing cooperative interaction, developing consistent, clear rules in conjunction with the student; and designing classrooms/play spaces with student’s needs and behaviors in mind.

Pathways Academy’s methods for preventing student violence, include but are not limited to: supervision of students maintained at all times, all staff are trained in verbal de-escalation techniques and physical restraint in the Crisis Prevention Institute methods, all staff are provided walkie-talkies to increase communication among staff, the availability of possible harmful items are limited in the classrooms and students are taught to seek out assistance from staff when needed.

Pathways Academy does not withhold food as a form of punishment or behavior management for any reason other than those related to medical prescriptions. No meal shall be denied or unreasonably delayed for any reason other than medical prescription. Nor does Pathways Academy use any form of corporal punishment, cruel or severe punishment, shaming, verbal abuse, or denial of food or other physical needs. Pathways Academy does not punish for soiling, wetting, or not using the toilet. Due to the specific needs of our student population, Pathways Academy does not employ level/point systems of privileges.

In the event a staff member observes the initial stages of “acting out behavior” (AOB) (including, but not limited to, non-compliance, name calling, yelling and/or throwing of an object), the staff member will immediately suggest that the student “take a break” and suggest an alternative activity. If the student is unable or unwilling to leave the area, the staff member will remove the other students in the area. If it is safe to do so, in an effort to avoid the use of physical restraint, the

Last Revised 8/17/20
student will be allowed to de-escalate in the room in which the incident occurred. If it is deemed necessary for safety reasons, the student may be asked to go to a Sensory Integration (SI) room. Only if the student is deemed to be an imminent danger to themselves or others, will staff “put hands on” to restrain and escort the student to an SI room in accordance with the Crisis Prevention Institute’s Nonviolent Crisis Intervention. Such an event is logged and reviewed by the Milieu Manager or designee. If possible, the student will rejoin the community when and if a staff member has deemed him or her safe to do so.

A student at Pathways Academy may be denied access to on-campus services such as use of fitness center, McLean cafeteria, and music room, only if the he or she is deemed to be unsafe to self or others. These restrictions are re-evaluated once a student has demonstrated safe behavior. Then he or she is welcome to utilize the on-campus program services.

A student may be suspended from Pathways Academy if they are deemed by Pathways Academy staff to be unsafe and/or disruptive to the education of others; this includes but is not limited to acting out behavior and/or the threats of acting out behavior.

A student's placement may be terminated when Pathways Academy can no longer ensure the safety of the student and others. Termination occurs only after alternative avenues have been explored and the student has proven to require a more intensive school setting than Pathways Academy can provide.

**BULLYING PREVENTION & INTERVENTION**

Pathways Academy prohibits bullying and retaliation against a person who reports bullying, provides information during an investigation about bullying, and witnesses who have reliable information about bullying as provided in G.L. c. 71, § 37O.

Bullying Prevention and Intervention Plan
Pathways Academy expects that all members of the school community will treat each other in a civil manner and with respect for differences. Our commitment to providing a safe learning environment includes one that is free from bullying and cyber-bullying. This commitment is an integral part of our comprehensive efforts to promote learning, and to prevent and eliminate all forms of bullying and other harmful and disruptive behavior that can impede the learning process.

We recognize that certain students may be more vulnerable to become targets of bullying, harassment, or teasing based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, or sensory, disability, or by association with a person who has or is perceived to have one or more of these characteristics. Many students who enroll at Pathways Academy have already been the targets of bullying, harassment, or
teasing in other settings. We will therefore take specific steps to create a safe, supportive environment for our vulnerable population within our school community, and provide all students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment, or teasing.

Pathways Academy will not tolerate any unlawful or disruptive behavior, including any form of bullying, cyber-bullying, or retaliation, in our school buildings, on school grounds, or in school-related activities. We will investigate promptly all reports and complaints of bullying, cyber-bullying, and retaliation, and take prompt action to end that behavior and restore the target’s sense of safety. We will support this commitment in all aspects of our school community, including curricula, instructional programs, staff development, extracurricular activities, and parent or guardian involvement.

The Pathways Academy Bullying Prevention and Intervention Plan ("Plan") is a comprehensive approach to addressing bullying and cyber-bullying, and we are committed to working with students, staff, families, law enforcement agencies, and the community to prevent issues of violence. In consultation with these constituencies, we have established this Plan for preventing, intervening, and responding to incidents of bullying, cyber-bullying, and retaliation. The Director or designee is responsible for the implementation and oversight of the Plan.

**DEFINITION OF BULLYING, CYBER-BULLYING, AND RETALIATION**

For the purpose of this Plan, aggressor will be used to identify the person(s) who has engaged in the bullying, cyber-bullying or retaliating behavior. Target will be used to represent the person(s) to whom the action is directed.

Bullying is defined as the repeated use by one or more students or staff members* of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that:

- a) Causes physical or emotional harm to the target or damage to the target’s property;
- b) Places the target in reasonable fear of harm to himself or of damage to his property;
- c) Creates a hostile environment at school for the target;
- d) Infringes on the rights of the target at school; or
- e) Materially and substantially disrupts the education process or the orderly operation of a school.

For the purposes of this policy, bullying will include cyber-bullying.

*The term “staff members” includes, but is not limited to educators, clinicians, administrators, the school nurse, paraprofessional, secretarial and support staff. Pathways Academy does not employ cafeteria workers, custodians, bus drivers, athletic coaches or advisors to extra-curricular activities.
Cyber-Bullying is defined as bullying through the use of technology or any electronic communication, which will include, but will not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages, text messages or facsimile communications.

Cyber-bullying will also include:

a) The creation of a website or blog in which the creator assumes the identity of another person
b) The knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (a) to (e), inclusive, of the definition of bullying above.

c) The distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (a) to (e), inclusive, of the definition of bullying.

Retaliation/intimidation will not be tolerated and may result in disciplinary action. This includes:

a) Retaliation against or intimidation of a person who reports bullying;
b) Retaliation against or intimidation of a person who provides information during an investigation of bullying;
c) Retaliation against or intimidation of a person who has witnessed or has reliable information about bullying.

Other behaviors which are rude and hurtful but do not meet the criteria to be termed bullying, may not require reporting under the law, but will be addressed.

LOCATIONS

Bullying is prohibited:

a) On school grounds. Including property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by a school district or school, or through the use of technology or an electronic device owned, leased or used by a school district or school; and

b) Off school grounds. Including at a location, activity, function or program that is not school-related, or through the use of technology or an electronic
device that is not owned, leased or used by a school district or school, if the bullying creates a hostile environment at school for the target, infringes on the rights of the target at school or materially and substantially disrupts the education process or the orderly operation of a school.

REPORTING
Pathways Academy Director or designee will ensure safety and support anonymity, if possible, of all involved in reporting, witnessing or interviewing about incidents of bullying. If the school cannot be sure of the safety of all involved, we will then contact the Belmont Police Department per our procedure. All students will be afforded equal protection, regardless of their legal status.

Parents/guardians and others who witness or become aware of an instance of bullying or retaliation involving a student are to report it to the Director or designee. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Parents or guardians, and others may request assistance from a staff member to complete a written report. This report to the Director or designee is best if done in direct conversation but may also be done by email, phone message, or other written communication.

Students who believe they have been subjected to bullying, cyber-bullying, or retaliation, or who witness or become aware of an instance of bullying or retaliation involving a student are to report it to the Director or designee. This report may also be made to the student’s teacher, counselor, or any adult staff member.

Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with the Director or designee, or with a staff member. This report is best if done in direct conversation with the staff member but may also be done by other means or through the student’s parent/guardian. The report may also be submitted anonymously.

Anonymous reports of bullying, cyber-bullying or retaliation, or reports by students or parent/guardians who wish to remain anonymous may be submitted to teachers and school administrators and will be investigated. No disciplinary action will be taken based solely on an anonymous report.

A Reporting Form is available in the main office for use by any party. This form may be submitted directly to the Director or designee or sent anonymously to the Director or designee of the school.

False Reports submitted knowingly alleging bullying, cyber-bullying, or retaliation will be subject to disciplinary action, possibly including community service, meetings with parents/guardians and school personnel, suspension or other appropriate consequences.
INVESTIGATING AND RESPONDING TO REPORTS
Upon receipt of a report of possible bullying, cyber-bullying, retaliation, or intimidation, the Director or designee will, before fully investigating the allegations of bullying or retaliation, take steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents.

In conducting an investigation, the Director or designee, will consider how the bullying behavior might impact the general learning environment of the school or the impact it may have on bystanders or other students in the school. Consequences may be necessary even if the target indicates the aggressor(s) behavior is permissible.

The Director or designee is required to investigate all reports of potential acts of bullying or cyber-bullying. This obligation exists regardless of requests from reporters to not investigate or talk with certain students or individuals. We encourage reporting but reporting on the condition that no action will be taken, or limits placed on the investigation cannot be accepted.

Steps of the Investigation:
1. Report is received;
2. Interview the target and assess the level of threat present;
3. Interview reporter, if other than target, and note and interview other witnesses (especially adults) or any online involvement;
4. Interview the alleged aggressor(s);
5. Determine the merit and plausibility of the report; and
6. Determine the circumstances and establish disciplinary or other consequences, if necessary.

CONSEQUENCES AND RESPONSES TO BULLYING
If the Director or designee determines that bullying, retaliation, or intimidation has occurred, and consequences are merited, the Director or designee will:

a) promptly notify the parents or guardians of the target and the aggressor about the results of the investigation and what action is being taken to prevent further acts of bullying or retaliation.
   i. All notices to parents must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the Director or designee cannot report specific information to the target’s parent or guardian about the disciplinary action taken unless it involves a “stay away” order or other directive that the target must be aware of in order to report violations.

b) take appropriate disciplinary action; and
c) notify the local law enforcement agency if she/he has a reasonable basis to believe that the incident may result in criminal charges against the alleged aggressor.

CONSEQUENCES AND SUPPORT SERVICES
Bullying behavior can take many forms and can vary dramatically in its seriousness and its impact on the target and other students. Accordingly, there is no one prescribed response to verified acts of bullying and retaliation. Consequences and disciplinary action will be applied in accordance with the Pathways Academy Policies and Procedures Manual. The responses will range from redirection of future behavior to suspension and possible expulsion from school for students. For staff members, the responses will range from verbal warning, to suspension, and possible termination of employment. These actions will escalate in severity for repeated offenses or with the severity of the implication of the negative conduct. Actions may be accompanied by the referral to additional counseling or other therapeutic support for all aggressors and their families. The specific action will be age appropriate, concrete, and immediate. The nature and extent of disciplinary action imposed, or consequences applied, is a matter within the sound discretion of the Director or designee. The Director or designee will balance the need for accountability and safety with the need to teach appropriate behavior to maintain a positive and supportive educational environment.

Consequences and discipline for acts of retaliation will be imposed at the same, or more severe, level as the underlying bullying, cyber-bullying or inappropriate behavior. Students, or staff members who are not primary participants in the reported act of bullying, cyber-bullying, or retaliation but join in, may be subject to disciplinary action or consequences as if they were primarily involved. “Joining-in” is a form of endorsing the behavior. Consequences or disciplinary actions taken in an instance of bullying will be shared with the appropriate school staff members, and McLean Hospital administrators to ensure awareness and follow through.

When it is determined that a target is in fear or is being threatened, the Director or designee will develop a safety plan to immediately take steps to limit and control the behavior of aggressor(s) who are causing the threat. The safety plan will be developed in collaboration with the appropriate staff and administrators and shared with staff to ensure enforcement and follow-up.

The Director, or designee, will periodically follow-up with the target(s) and their parents, as well as his/her school clinician to ensure the student believes the situation has improved and that any threat or fear has been significantly reduced or eliminated. Those found to be the aggressor or target are provided continued Bullying Prevention and Intervention education.

PARENT AND STUDENT EDUCATION OF THIS PLAN
a) Parent Education and Resources.
   Pathways Academy offers education programs for parents and guardians
that are focused on the parental components of the bullying prevention and intervention curricula.

Pathways Academy recognizes that certain students may be more vulnerable to become targets of bullying, harassment, or teasing based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, or sensory, disability, or by association with a person who has or is perceived to have one or more of these characteristics. In an effort to create a safe, supportive environment for vulnerable populations in our school community, and provide all students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment, or teasing Pathways Academy addresses the topic of Bullying in Pragmatics class for the students and a yearly in-service for the staff.

Within the school milieu Pathways Academy staffs actively address each episode of teasing, taunting and/or bullying in real time to educate all parties involved and respond in an expeditious manner. Pathways Academy strives to provide a safe, supportive environment for all students in the school community, and provide students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment, or teasing.

CELL PHONE USE
Use of live news media sites or applications by students during the school day is prohibited. Pathways Academy students should refrain from using their cell phones during class time unless a plan has been previously established. Use of cell phones to place/receive phone calls and/or send/receive messages/texts by students during the school day is prohibited.

Pathways Academy staff may deem it necessary to limit or revoke use of a student’s cell phone. Pathways Academy staff will make a land line available for supervised calls home if necessary.

COORDINATION WITH PUBLIC SCHOOL DISTRICTS
Pathways Academy works closely with sending public school districts. If a student, parent or Pathways Academy personnel wishes to convene a Team Meeting, the Educational Administrator will notify the public-school liaison, who will take the lead in scheduling the meeting and sending out invitations. If Pathways Academy has cause to terminate a student from the program, the school will immediately contact the public-school liaison to schedule a team meeting and assist in developing a plan for the continuation of services, or an interim alternative education setting if necessary.

DAILY SCHEDULE
On Monday, Tuesday, Thursday and Friday there are six 45 minutes academic classes daily and six 15-minute Sensory Integration breaks daily (including lunch). On Wednesday and other scheduled early release days there are four academic classes and four sensory integration breaks.
DISMISSAL WITH ANOTHER STUDENT OR BY ALTERNATE MEANS

Students will be required to leave via their typical transportation unless written parental permission is received by the main office.

Clothing for school must not contain messages or graphics that are profane, racist, sexist or illegal. This includes but is not limited to images of: tobacco, drugs, alcohol, weapons or nudity. If a student’s attire is deemed to be inappropriate or distracting to the learning environment, the student will be required to wear school supplied clothing for the day and parents will be notified to help the student be more mindful when choosing clothing appropriate for school.

Students clothes should cover their mid-section and upper thigh.

INFECTIOUS DISEASES
If a student is determined by Pathways Academy to be unable to participate in school because of a health-related issue; e.g., onset of cold, intestinal flu, etc., he/she will be sent home after a call to his/her parent/guardian, notifying the need to pick up the student. The school does not have the staff nor the facilities to accommodate daily care of ill children except for short-term care awaiting parent/guardian pick up.

Should a student develop a gastrointestinal illness (diarrhea, vomiting), a respiratory illness (severe cold with fever, flu) or skin rash or other direct contact infection, the student will be isolated and cared for by the school nurse or designee. A call will be made to the student’s parent/guardian to arrange to have the student taken home as soon as possible.

Staff and students will wash their hands with soap and water and will dry with disposable towels before eating or handling food, after using the bathroom, after coming into direct contact with bodily fluids and after cleaning.

Disposable gloves will be worn when in contact with blood or other bodily fluids. - Signed consent by the parent or guardian to give the prescription medication.
- Signed medication order completed by the students’ licensed prescriber and returned to the school nurse. This order must be renewed at the beginning of each academic year, or as needed.
- Signed consent by the parent or guardian to give over the counter medication.

Medications must be delivered to the school in a pharmacy container. No more than a 30-day supply of the medicine with a valid expiration date should be delivered to the school.
